MATERIALS · CUTTING SHEETS ON THE REAL SHEETS

One page per material: its sheets, with the 600 (RD) × 500 (TD) cutting sheets of its campaign drawn on them.
Best sheets first (most room around a 600 × 500 plan, then the largest); fullest plans on the best sheets;
RD of the plan = RD of the sheet; plan in the bottom-left corner (clamp corner).
